Education

National University of Sciences and Technology, Pakistan

Bachelor of Engineering in Software Engineering

2021 – present

CGPA : 3.93 / 4.0

Aspire Group of Colleges, Sadiqabad

FSC Pre Engineering

2019 – 2021

Percentage : 97

Al-Faysal High School, Sadiqabad

Matriculation

2017 – 2019

Percentage : 94

Relevant Coursework

- Web Engineering
- Software Methodology
- Data Structures
- Algorithms Analysis
- Database Management
- Soft. Construction
- HCI
- OOP

Experience

InfoAid Tech

Sep 2023 – Oct 2023

Front End Developer Intern

Remote

- Assisted in the development of the front end of web applications using HTML, CSS, and JavaScript.
- Implemented responsive design principles to ensure compatibility across various devices and screen sizes.
- Collaborated with team members using Git for version control, organizing modifications, and assigning tasks.
- Utilized modern development tools such as Visual Studio Code and browser developer tools to debug and enhance user experience.

Projects

Social Media Clone | *React, Sass, Context API* | <https://my-social-app-react.netlify.app/>

- Developed a dynamic social media platform frontend using React, enabling users to create and interact with posts.
- Integrated Context API for managing global state, including implementing a dark mode feature for enhanced user experience.
- Utilized Sass to write modular and reusable CSS, ensuring maintainability and scalability of the project's styles.
- Deployed the application and maintained the project on GitHub for version control and collaborative development.

Restaurant Website | *HTML, CSS, JavaScript* | <https://restaurant-website-html-css-1122.netlify.app/>

- Created a website for a restaurant to display its menu, location, and contact information.
- Designed and implemented responsive layouts using HTML and CSS.
- Added interactivity and dynamic content using JavaScript.
- Hosted the website on Netlify.com for public access

Portfolio Website | *HTML, Tailwind CSS* | <https://portfolio-muhammad-abdullah.netlify.app/>

- Developed a personal portfolio website to showcase my projects and skills..
- Designed and implemented responsive layouts using HTML and Tailwind CSS.
- Enhanced user interactivity and website functionality using JavaScript.
- Hosted the website on GitHub Pages for public access

Technical Skills

Languages: HTML/CSS, JavaScript, MySQL, C, C++, Java

Developer Tools: VS Code, Eclipse, NetBeans, Dev C++

Technologies/Frameworks: Reactjs, Bootstrap, Sass, Tailwind CSS, GitHub, Git

Achievements / Extracurricular

ICPC Global Contest 2022

First Position in MCS, NUST

- Achieved first position in the campus-level International Collegiate Programming Contest (ICPC) in 2023.
- Demonstrated strong problem-solving and algorithmic skills to solve complex programming challenges under time constraints.
- Collaborated effectively with team members to strategize and optimize solutions, leading to the top performance on campus.
